UltraView Regular professional LED is more than just a standalone monitor. UltraView has a variety of embedded modules including Multi-Monitor OSD Controller. The embedded modules give you the ability of video remote management and transmission for multiple monitors over network.

As a versatile Regular monitor, UltraView Regular professional LED is meticulously designed to meet professional and environmental demands including Front protection, Anti-reflective/Vandal proof glass, DC power input, Brightness dimming and Mounting kit for VESA-mount, Universal-mount, Desktop stand and Panel mount.

With over 25 years' production experience, the UltraView structure is well-engineered and manufactured by our own CNC facilities and team of experts to ensure its ruggedness, mobility and quality, as well as being suitable for harsh environment applications. The structure can be customized if required to facilitate monitor installation. Our knowledgeable engineers are able to provide frame customization for specific dimensions, color, metal treatment, screen printing, bezel and mounting.
