

## VIA CONNECT PRO **QUICK START GUIDE**

### For Installer

This guide helps you install and use your product for the first time.

For more detailed information, go to [www.True-Collaboration.com](http://www.True-Collaboration.com) to download the latest manual or scan the QR code above.

#### **STEP 1: Check What's in the Box**

1. **VIA Connect PRO** Collaboration Device
2. Power supply with power cords
3. Quick Start Guide
4. Mini DP to VGA Adapter

#### **STEP 2: Inputs and Outputs at a Glance**

Always switch off the power on each device before connecting it to your **VIA Connect PRO**.

Always use Kramer high-performance cables for connecting AV equipment to the **VIA Connect PRO**.

### STEP 3: Connect the Unit

- Connect keyboard and mouse
- Connect your main display
- Connect a Local Area Network (LAN) cable for connection to your network or use a router for connection to Wi-Fi
- Connect the power supply
- Turn on the device

### STEP 4: Configure VIA Connect PRO

Open the **VIA Connect PRO** menu and click on Features, then on Settings.

Enter password: **supass**.

The Settings Menu tabs are:

- **LAN Settings** – Configure your network parameters or use the DHCP option to get an automatic IP address. Apply settings and reboot.
- **Room Name/Code** – Manage room code and name preferences
- **Configurations** – Activate System Log and Energy Saver
- **System Controls** – Manage your display and audio settings, run control panel, select your language, etc.
- **Wallpaper** – Insert a custom wallpaper image
- **Authentication** – Activate moderator mode and define moderator/participant settings
- **Mirroring** – Activate/deactivate iOS mirroring support and configure it

After settings are defined, click on the reboot button to apply all settings. For more details, read the Settings section in the user manual.

## VIA CONNECT PRO **QUICK START GUIDE**

### For User

#### **STEP 1: Connect Your Device to the Proper Network**

Connect your device to the same network used by Kramer **VIA Connect PRO** in the specific meeting room (either Wi-Fi or LAN).

#### **STEP 2: Run or Download the Application**

##### MAC or PC

1. Navigate to the embedded Web page of **VIA Connect PRO** by entering the Room Name of the VIA into your computer's browser.
2. Select **Click to Run** to execute the application only (intended for guests who will be using the VIA once) or select **Click to Install VIA** to download the VIA application on your computer (intended for regular users of the VIA).

##### iOS / Android

1. Download and install the free VIA App from Apple's App Store or Google's Play Store. Use the QR code above.

#### **STEP 3: Login**

	
Room Name	<input type="text" value="192.168.11.67"/>
Nickname	<input type="text" value="dave"/>
Room Code	<input type="text" value="0002"/>
	<input type="button" value="Login"/>

**Room Name:** Copy the room name as appears in the wallpaper (IP Address).

**Nickname:** Enter a name for your device.

**Room Code:** Enter a 4-digit code as it appears in the wallpaper.

**Login:** Press Login to join the meeting.

## STEP 4: Main Menu

Click on Step-in™ to put your screen up front and on Participants to see who else is connected.

## STEP 5: Features

### Wireless Connection

Bring your own device (BYOD) and join the session through wireless connection.

### Enable Control

Give a participant control over the presenter's MAC® or PC laptops.

### MultiMedia

Share uninterrupted full HD wireless video streaming (up to 1080p60) and photos.

### Chat

Send an instant message to any other participant.

### Cloud

Drag and drop files to the cloud to share instantly with everyone in the meeting.

### Whiteboard

Annotate, illustrate and edit shared documents: touch-screen compatible.

### File Transfer

Share any size file with any number of participants.

### Start Collaboration

Click to collaborate through a common display, using your own device. Multiple users can interact and control what's happening on the main display at the same time.

### iOS Mirroring

Show any content from your iOS device on the main display
