

Overview

Environmental factors like heat, humidity and moisture pose a severe threat to mission-critical infrastructure. These dangers can be minimized by incorporating a network of environmental sensors to collect data and alert users of potential threats. Adding optional sensors to a Vertiv™ Geist™ Environmental Monitor or Rack Power Distribution Unit (rPDU) allows users to observe conditions from a secure Web interface and receive alerts via Email, SNMP, or Email-to-SMS.

Benefits

- View real time sensor data from a secure web interface.
- Receive alerts when a threshold is breached to ensure out-of-range conditions are addressed before resulting in downtime.
- Strategically monitor data center, server room and network closet environments to protect critical infrastructure.
- Simple installation and configuration on Vertiv Geist Environmental Monitors and rPDUs.

WSCK-120

Leak detection kit used to monitor the presence of water around the perimeter of a room or row of cabinets. Includes LD310 Control Box, 120ft / 36.5m leak detection cable, 50ft / 15.2m connection wire, 15ft / 4.5m leader cable, and 5VDC wall transformer.

Part Number: WSCK-120

Category: Accessories

Sub-Category: External Sensor

Specifications and Operations

Accessory Type	Leak Detection Kit
Activity LED	1
Connection Interface	(2) Analog (NO)
Power Supply Compatible with AC 100-240V, 50/60Hz; Output: DC 5V, 2A	North America (NEMA 5-15P)
Cable Length	120ft / 36.5m leak detection cable, 50ft / 15.2m connection wire, 15ft / 4.5m leader cable
Product Warranty	5-year limited warranty if registered within 120 days of purchase, otherwise warranty defaults to 3 years
Certification/ Agency Approvals	RoHS Compliant
